

Please do not take K-Love away from our community. It is the only station that we have that promotes our Lord and Savior. It is safe for my kids to listen to all the time with out the foul language, refrences to sex or anything else that is offensive in nature. My children and myself love this station and do not want to loose it. The effect on our community would be great if we were to loose this great station. Many christians and non christians listen to this station and it brings calm, encouragement and the word of Christ to many. The service that KLove brings to our community is a wonderful one. What a wonderful experiance it is to feel calm behind the wheel of a car with your little ones singing along to the radio station with songs that are uplifting and not promoting premarital sex, drugs, violence and explicit lyrics. You will be offering communities, like mine, a great disservice if you remove this station and put other programming on the air.
